

AEROSOLS OLTEC

Calibration	GP	Description / uses
-------------	----	--------------------

Lubricants			
OLTEC Lub Chain	650/400	CO ₂	Synthetic free-flowing oil for chains, cams and pinions. -40 +210°C
OLTEC Grease WR	650/400	CO ₂	Water-insoluble green marine grease for chains and gears. -10 +150°C
OLTEC Grease PTFE	650/400	CO ₂	White PTFE dirt-repellent grease for humid environments. -20 +180°C
OLTEC Grease CU	650/400	CO ₂	Copper assembly paste for threads and nuts. -30 +1,100°C
OLTEC Lub PF 820	405/250	HFO	Fluorinated oil resistant to chemical agents. -35 +270°C
Degreasers / Strippers			
OLTEC Solv BC	650/400	CO ₂	Removal of adhesives, oil and grease. Brake cleaner, very fast drying.
OLTEC Multisolv	650/400	CO ₂	Degreasing of mechanical parts, cleaning of machine frames
OLTEC Solv 80	650/400	CO ₂	Degreasing of very dirty mechanical parts, enhanced solvent power
OLTEC Solv Dielec	650/252	HFO	Non-flammable cleaner for electrical and electronic equipment
OLTEC Net 42	650/500	B/P	Chlorine-free stripper for mould cavities, graffiti and paintwork
Maintenance products			
OLTEC Degrip 6	650/400	CO ₂	6-function penetrating lubricant. Tar removal, damp-proofing, anti-corrosion
OLTEC Degrip Bio 5	650/400	CO ₂	VOC-free, high-performance, biodegradable penetrating lubricant
OLTEC Degrip MoS2	650/400	CO ₂	High-performance penetrating lubricant with molybdenum disulphide
OLTEC Cut 30	650/500	HFO/CO ₂	Cutting oil for alloy and stainless steels. Drilling, tapping and threading
OLTEC Vegelub 50	650/400	CO ₂	Vegetable-based cutting oil for aluminium, copper, brass and steel
Food industry range (level H1 ou K1, K2)			
OLTEC Grease Alim 19	650/400	CO ₂	Translucent grease for various greasing uses in the food sector. -20 +130°C
OLTEC Lub Chain Alim	650/400	HFO/CO ₂	Free-flowing chain oil, high and low temperature. -40 +230°C
OLTEC Oil FGC 46	650/400	HFC/CO ₂	Non-flowing chain oil. Chains and guides in environments with flour and cardboard -40 +150°C
OLTEC Gliss 22	650/400	CO ₂	Release agent, codex-based lubricant. Greasing from -15 to +120°C
OLTEC Sil Alim	650/400	CO ₂	Silicon oil. Greasing of conveyors and paperboard machines
OLTEC Solv Alim	650/400	CO ₂	Odourless degreasing solvent for mechanical parts and machine frames
OLTEC Degrip Alim	650/400	CO ₂	Very high performance anti-rust penetrating lubricant
Release agents/anti-blocking agents			
OLTEC Plast 50	650/500	B/P	Anti-blocking release agent for plastics and rubber. Car polish
OLTEC Plast 60	650/400	CO ₂	Anti-blocking release agent for plastics and rubber. Anti-blocking agent for welding
OLTEC Sil 30	650/500	B/P	Release agent for plastics, rubber and anti-blocking agent for printing
OLTEC PF 570	650/500	B/P	Dry PTFE lubricant, release agent, temporary rust inhibitor, clean lubricant
OLTEC WS	650/400	N ₂ O	Non-flammable, silicone-free, water-based anti-blocking agent for welding
Rust inhibitors			
OLTEC Coat 55	650/500	B/P	Oil-based rust inhibitor for injection moulding parts and moulds. Protects for approx. 12 months
OLTEC Coat 60	650/500	B/P	Wax-based rust inhibitor for injection moulding parts and moulds. Protects for approx. 12 months
OLTEC Coat 98	650/500	B/P	Very long-lasting wax-based rust inhibitor Marine shipping
OLTEC GBZ	650/400	HFO/CO ₂	High-temperature bright galvaniser. Temperature resistance to 400°C
